P. no. 10 (Subject to the limit of Rs 50,000 sanctioned - JP)

3. In Aug 1892, the Dt Comr applied for a further sum of 10000 Rs the sanctioned for advancing to Nivanna. The Government Sanctioned the amount and instructed the Comptroller to make similar advances on the Dept Comrs request and report the same to Government.

4. In Feb 1893, the Comptroller reported to the Govt that on the requisition of the Dt Comr Mysore a sum of Rs 10000 was placed at his disposal and that the total sum paid till then was 30000 Rs

5. On the 31st Jan 1893 Chick Nivanna petitioning the Government stated that he had completed 34 houses & was building 34 more, and that Mr Lee, the Sanitary Engineer estimated the houses at Rs 480, and that with the kitchen which he meant adding the houses cost Rs 500 each and requested that the cost of houses might be fixed at Rs 500 each & 3/4 of the estimated price i 375 Rs each house built by him he advanced them at an early date.

P. no. 12

6, The petition having been forwarded to the Collector in reply Deputy Commissioner & the Collector in reply has stated

& P. no. 14.

that the houses have ask more than they were originally expected to do, that though the estimate of 300 Rs be exorbitant the rate of Rs 450 estimated by Mr Lee was reasonable & that the rate of 250 Rs per house as fixed by Govt under Camp A of 10th March 1892 required some modification. and has recommended that advances be made at the enhanced rates proposed. Out of the 30000 Rs placed at the disposal of the Dr Commissioner Rs 16250 was reported to have been advanced as marginally noted

20.12.92 paid Rs 6500
Total 16250

7. Submitted G.O. Camp no A dy 10 March 1892 does not fix the cost of each house at Rs 250- It simply conveys sanction to an advance of Rs 50,000 for building 200 houses. At Rupees 450 per house, the total amount of the advance which will have

to be made for 200 houses will be Rs 90,000/-

8. The Dy. Commr. does not say what work has been done up to date and what the estimated cost of it is. Petr. Veeramma says that he has completed 68 houses. The estimated cost of these houses @ 450 Rs each is Rupees 30,600 and 75 per cent of this is Rs. 22,950 - Veeramma has already received an advance Rs 16,250 - The allotment sanctioned by the Comptroller is Rs 30,000/-. The balance (Rs 30,000 - Rs 16,250) has not apparently been drawn from the treasury.

9. For Dewan's orders - The number of houses may be reduced to 111. Their cost at Rs 450 each will come up nearly to the Rs 50,000 already sanctioned - The Dewan may

To,

The Chief Secretary to the
Dewan of Mysore

Sir,

With reference to your docket
No 13915/112-92, dated 18th ultimo, forward-
-ing petition from Sowkar Chik
Veeranna of Mysore I have the
honor to state that the houses
for weavers built by Veeranna,
have cost more than was at first
expected, and that he has tried
to make the houses more decent
and substantial. Mr Lee, the
Sanitary Engineer, on his
taking measurements of the
work for the first time, estimated

the cost of each house at Rs 450. The rate of Rs 250 per house — approved in Government order No A, dated 10 March 1892, appears under the above circumstances to require modification. The proposed rate of Rs 500 ~~does~~ at the same time seems to be exhorbitant, and I would recommend that as requested by Sowkar advances may be sanctioned at the enhanced valuation of the houses now proposed.

2. Out of the allotment of Rs 30,000 made from the sanctioned grant of Rs 50,000 an advance of $\frac{3}{4}$ths on the valuation of work executed amounting to only Rs 16,250 as per margin has been drawn from the Treasury and paid to Chik Veerannd ... up to date.

× 12-7-92 Paid Rs 9750
√ 20-12-92 do Rs 650
Total Rs 16,250

3. The petition received with the above, is henceforth re-transmitted.

Dated Ootacamund 5th July 1893

From

Dy Commissioner

To

The Chief Secretary to the
Dewan of Mysore

Sir,

I have the honor to forward herewith for orders his petition dated 24th June 1893 from Sowkar Chikka Veeranna together with the enclosures.

2. The Sowkar brings to notice that in inducing the weavers from Salem to settle in Mysore he has had to advance to them about 5221 Rupees for their maintenance and expenses and for the purchase of looms and other materials though advances are adjusted from time to time by work turned out, yet as fresh advances have to be made the amount of outstandings is never likely to be below 5000 Rs. Besides this

he has to maintain a stock of yarn, lace, and cloths for issue to the work-men at a cost of about 3500 Rs to 4000, and as he has been obliged to spend a large sum on the weavers houses under construction, for which he receives only $\frac{3}{4}$th of what is Jereebed, he represents that a large sum is thus laid out in the concern without ad-vantage; and he begs that a sum of Rs 10,000 may be advanced to him without interest on the security of the advances outstanding against the weavers, the value of the yarn and other materials in stock, and the $\frac{1}{4}$ of the value of the buildings which is held back by Government. He also states that when he completes all the houses and the full sum of the sanctioned advance becomes payable this advance of 10,000 Rupees may be deducted and the rest might be paid to him.

3. The houses built and materials

Collected by Veeraund up to date have been credited at Rs 33,750, on account of which Rs 25,275, have been paid to him.

SIR.

In submitting for the orders of Government, petition of Sowkar, Chick Veeranna, dated 12th March, 1895, asking for extension of time, for completing the 200 houses, in the weaver lines, I have the honor to state that, under condition 2, of the agreement executed by him on 13th July, 1892, in accordance with Govt. Proc: No. 5770-1/157 of 30th June 1892, Sowkar Chick Veeranna, had to complete the 200 houses by the end of December, 1893, and that, under condition 4, he undertook to execute in favor of Government, a deed of mortgage, for the whole amount of advance, payable in 10 annual

annual instalments, with interest at 4½ per cent, per annum, from 1st July, 1894. The houses were then understood to be of a valuation of Rs 250/- each. But this valuation was revised owing to the houses having been made more decent, and substantial than was at first designed, and the Government were pleased, on a report of the Circumstances (vide Pro: No. 16260-2 / G.F. 112-92, dated 1st April, 1893), to accept the enhanced valuation of Rs 450/- per house, and directed that three-fourths of their value, or a total sum of Rs 67,500/- should be advanced to him, in such instalments, as may be due, under the terms of the agreement, above referred to. The payments up to date, made to Chick Peramma, of the 75 per cent, on valuation of work executed by him, amounts to Rs. 46348/-, besides the special advance of Rs 8000/- directed in Govt. Pro: No: 1778-80 / 112-92 dated 28th July, 1893, or Rs. 54,348/- altogether. As the houses had

had not been completed within the stipulated time, the Executive Engineer, was, on 30th november, 1894, requested to state, how many houses had been completed, how many were under Con-struction, and in what time the remainder, could be expected to be constructed, and the total value of work done up to date. The report dated 20th De-cember, 1894, received from the Execut-ive Engineer, Mysore Division, shows that 105 houses have been completed, 53 houses are very near completion, and that 42 houses remain yet to be built. The Executive Engineer, further states, that these may be completed by the end of June next, if Savanna exerts himself. As already stated, the time originally fixed for the completion of all the houses, expired on 31st Dect., 1893. It must be explained here that, at the time of this agreement, the total work to be executed was valued at 50,000 Rs at 250 Rs per house, while,

53 near Complts

while, subsequently, the amount was raised, at 450 Rs: for each house, to Rs 90,000/-. But, he did not ask for extension of time on this account, and has already exceeded the stipulated period by 14 months. He now says that 120 houses have been completed, and are under the occupation of weavers, that 38 are unfinished and that he is getting materials ready for 42 houses more, and applies for a further extension of time by 1½ years. According to the Executive Engineer, the valuation of work done by Veerappa up to 20th December, 1894, amounted to Rs 60854/- for which he has received Rs 54,348/-* as advance from Government. Taking the aggregate value of the 200 houses at 90,000 Rupees, he has yet to get work done at a cost of about Rs 30,000/- for which he will be entitled to receive only an advance of Rs 13,152. He will thus have to lay out the rest of the cost from his own pocket, and thereafter commence payment of the instalments.

I am afraid that this will be a heavy strain upon his resources, encumbered as he is, with the burden of maintaining about 120 families of weavers, besides providing capital, necessary for the stock in trade, of the weaving establishment, and cloth shop.

The Government have an ample security for the loan advanced to Chick Veerauna, in the existing houses, which are, according to Govt. Proc: No. 16260.2 / G.J. 112-92 dated 1st April 1893, Government property, in the possession of Chick veerauna, as contractor, until he repays the advances with interest, and the construction of the remaining houses will only enhance the value of the security. There is thus no risk in granting the extension of time applied for. But, I beg to point out, at the same time, that Government is losing the interest on the advance. If the Government be not disposed to grant further time, Chick Veerauna, may be directed to complete the 38 houses

under construction, and stop the work there, and execute at once a deed of mortgage, for the total amount of advance already made to him, in the terms stipulated for in the agreement of July, 1892.

No 112-92 dated 2-4-95

A loan of Rs. 50,000 on
the mortgage of the proposed
weavers village in Mysore
city was sanctioned to
Sowcar Chik Viranna in
Proc. No A dated 10th March 92.
The amount of this loan
was subsequently increased
to Rs. 67,500 by Proc. No 16260-2
G.T.112-92

dated 1st April 1893.

2. The Sowcars agreement was to build 200 houses and Establish the weavers in all of them before the end of December 1893, & to repay the whole loan with 4½ per cent interest in ten annual instalments commencing in January 1894

3. The Sowcar has carried out this agreement only in part, in that instead of getting 200 houses being built and occupied by weavers before the end of Decr. 1893, he has up to date got built & occupied only 120 houses + 38 others are approaching completion.

4. The Executive Engineer estimates

the outlay on the whole of these 158 houses at Rs. 60,854, but when the houses nearly completed are fully completed, the total value of these 158 houses may be taken (as originally ~~established~~ estimated at Rs. 450 per house) to amount to Rs. 71,100.

5. The Govt recognize that the Sowcar is deserving of special encouragement help for his enterprize in establishing this important local industry in Mysore city, but it is necessary now to conclude the contract with him so far as the original programme has been carried out.

6. Under these circumstances the Dy Comm^r will be

authorized to transfer to
the Sowcar formal pos-
session of the 158 houses
which have been built, on
his executing a mortgage
deed on the terms originally
agreed upon. The mortgage
deed should be for Rs. 54,348
on the Security of the 158
houses already built or
approaching completion,
~~upon~~ of the grounds belonging
to the Same and ~~upon~~ of the
building sites assigned
to the Sowcar for weavers'
houses, shops and other
buildings and ~~upon~~ of such
houses, shops and other
buildings as may ~~when they~~ come
into existence hereafter.
The Govt will not compel
the Sowcar to build more

than the 158 houses already
built or approaching com-
-pletion, but if others are
built, the Govt should have
a lien upon them for their
mortgage. The interest on
the mortgage debt of
Rs. 54,348 should be 4½
per cent per annum as
originally agreed upon, and
the annual payment may
be fixed at Rs. 5,434, so as
to discharge the entire
principal and interest in
13·58 years unless the Dy
Commr upon the application
of the Sowcar on his own
motion is able to recom-
-mend for Govt Sanction
some better arrangement
for the re-payment of the
principal and interest.

SIR.

With reference to the proceedings of Government, No. 16188.9 F. 112.92, dated 2nd April, 1895 in the matter of the advance to Sowcar, Veeranna for the construction of Weaver's quarters, I have the honor to state that as desired therein, the orders of Government were fully explained to Veeranna, and he was asked to execute a deed of mortgage for the payment of his loan with interest, and to stop construction of new houses. He however, submitted a petition, representing that he embarked on this undertaking, as His Highness the late Maha Rajah gave the order, and promised to render all necessary help, that assistance had been given him by

His Highness, and the Government in various ways, that he has Completed 168 houses, with the advances from Government, and 40,000 Rs of his own money; that Subsequent to the measurement taken by the Public Works Department, further work amounting to Rupees 10,000 has been executed, which may be measured, and further advance made to him, so as to make the loan 60,000 Rupees, that if the Government propose to close the transaction, and refuse to render further help, it is not possible with his resources alone, to continue this large undertaking Commenced under His Highness, the late Maha Rajah's auspices, and involving the maintenance of 370 families, or 500 Souls, imported from another Country, and carrying on this weaving establishment; that the Government may be pleased to permit him to repay the above Sum of Rupees 60,000 in fifteen equal annual instalments without any interest, and that the houses in the Weavers lines may be Exempted from paying any Mohatarpa tax for this period. He further requests

requests that if the Government are not disposed to show him the concessions promised, as they were by His Highness, the late Maha Rajah, the whole Concern may be taken over by Government, after paying him the excess of outlay of about 40,000 Rupees from his own pocket.

2. In submitting this petition for orders, it is scarcely necessary for me to make any remarks but as the Dewan, and members of Council having visited the Weaver's lines on the 19th Instant, the Government will be able to form an accurate idea of the good work which Veeranna is doing, and the expense and trouble which he must have incurred in accomplishing this large undertaking.

dt 19th June 1895, that Sahu

inability to pay interest
on the money advanced to
him on the Security of the
168 houses built by him in
the new Weaver Lines, Mysore
city, that he prays that
the levy of Mohatarfa house &
loom taxes on the said houses
& the looms therein set up
may be put off till the
debt is fully liquidated,
& that he promises to repay
the loan at Rs. 4,000 per

& that he is unwilling to

laid down in the Govt
Progs above cited

Order thereon: 19 28/7/95

This report, in effect,
means that Sowcar Vir-
-amma deliberately pro-
-poses to break his en-
-gagements, unless the Govt
wish to submit to the terms
that he chooses to dictate.
The Sowcar has evidently
been badly advised and
is seeking the shortest way,
to an utter Collapse. The
Govt however have no in-
-tention of in any way
altering the terms as fixed
by the orders of 19th June/95.
2. The Dy. Commr will not
pay him any further
Sum of money, and will
retain as heretofore full

control over, and possession of, all houses, looms and materials therein, pending the orders of Govt as to their disposal.
